

GENIXPRO™

PERSONALIZE | SUPPLEMENTS

A PERSONALIZED AND CONVENIENT WAY TO SUPPLEMENT FOR OPTIMAL HEALTH

Whether you have had a comprehensive Health Check (Clinical | Lifestyle | Gut | DNA) through us or just don't know where to start when it comes to taking supplements, we can help. Our team of health experts select and recommend a range of quality, supportive nutrients based on your current health status and goals, and remove the guesswork and time involved searching for the right option.

Choose the best Combination Supplements based on your health check results and needs.

MAXIMIZE WELLBEING

DIGESTION IMPROVER

With Zinc L-Carnosine to promote stomach health and comfort by maintaining the mucosal lining

BRAIN HEALTH AND MOOD REGULATOR

L-Theanine, B Vitamins and other natural botanicals promote memory & clarity, production of endorphins and improve focus

NATURAL ENERGIZER

With spirulina and herbal adaptogens for mental & physical vitality. Caffeine-free

BONE AND JOINT REINFORCER

Contains vitamins K2 and D3, zinc, magnesium and silicon for healthy bone maintenance

IMMUNITY AND RESILIENCE BUILDER

Naturally occurring nutrients and polysaccharides support immune function and healthy metabolism

SLEEP OPTIMIZER

Delivers the ideal dose of melatonin, L-Tryptophan and 5-HTP for promoting a relaxed mind and body

HEART HEALTH SUPPORTER

Powerful antioxidants such as L Carnitine and CoQ10 to promote circulation, artery and immune health

SKIN, HAIR AND NAILS STRENGTHENER

Vitamin C, zinc, copper, MSM, silicon help support collagen

With each Combination Supplement you will receive one Probiotic and one Prebiotic to take in addition

PROBIOTICS

We can all do with rebalancing our gut by adding beneficial bacteria. Our choice contains 5 billion friendly bacteria for advanced digestion and immune support

PREBIOTICS & FIBER

Prebiotics and fiber feed the friendly bacteria in your gut. It's hard to get the right daily amount so this natural blend contains xylooligosaccharides to feed and optimize the growth potential of beneficial gut bacteria

VITAMIN D3 (1000 IU)

Most of us are low in this essential Vitamin. For calcium absorption, blood flow, immune and respiratory support, among other benefits

All Supplements are delivered direct to you via a 3 or 6 month Subscription Plan

We source quality, approved supplements without unnecessary fillers/chemicals. We believe in recommending only what's needed to address a current health status, and advocate getting most of what your body needs through real, whole foods.

Note that these are over the counter, consumer supplements, but always consult with your health care practitioner before making any changes to your health care plan
